## **The Ethics of Information Technology and Business** Richard T. De George

This is the first study of business ethics to take into consideration the plethora of issues raised by the Information Age.

- The first study of business ethics to take into consideration the plethora of issues raised by the Information Age.
- Explores a wide range of topics including marketing, privacy, and the protection of personal information; employees and communication privacy; intellectual property issues; the ethical issues of e-business; Internet-related business ethics problems; and the ethical dimension of information technology on society.
- Uncovers previous ignored ethical issues.
- Underlines the need for public discussion of the issues.
- Argues that computers and information technology have not necessarily developed in the most ethical manner possible.

### **From reader reviews:**

#### **Richard Nix:**

Do you have favorite book? In case you have, what is your favorite's book? E-book is very important thing for us to be aware of everything in the world. Each book has different aim or maybe goal; it means that book has different type. Some people sense enjoy to spend their time to read a book. They are really reading whatever they have because their hobby is actually reading a book. What about the person who don't like examining a book? Sometime, individual feel need book when they found difficult problem or maybe exercise. Well, probably you will need this The Ethics of Information Technology and Business.

#### **Louise Villanueva:**

What do you in relation to book? It is not important along with you? Or just adding material when you need something to explain what the ones you have problem? How about your time? Or are you busy person? If you don't have spare time to accomplish others business, it is give you a sense of feeling bored faster. And you have free time? What did you do? Every individual has many questions above. They must answer that question since just their can do which. It said that about publication. Book is familiar on every person. Yes, it is appropriate. Because start from on guardería until university need this kind of The Ethics of Information Technology and Business to read.

#### **Clyde Connell:**

Your reading sixth sense will not betray you, why because this The Ethics of Information Technology and Business e-book written by well-known writer who really knows well how to make book that may be understand by anyone who read the book. Written throughout good manner for you, leaking every ideas and producing skill only for eliminate your own personal hunger then you still question The Ethics of Information Technology and Business as good book not only by the cover but also with the content. This is one reserve that can break don't judge book by its protect, so do you still needing a different sixth sense to pick this kind of!? Oh come on your studying sixth sense already alerted you so why you have to listening to a different sixth sense.

#### **Adriana Cornell:**

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library or to make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this The Ethics of Information Technology and Business can make you really feel more interested to read.
