Voices of Modernity: Language Ideologies and the Politics of Inequality (Studies in the Social and Cultural Foundations of Language) Richard Bauman, Charles L. Briggs

Language and tradition have long been relegated to the sidelines as scholars have considered the role of politics, science, technology and economics in the making of the modern world. This reading of over two centuries of philosophy, political theory, anthropology, folklore and history argues that new ways of imagining language and representing supposedly premodern people - the poor, labourers, country folk, non-europeans and women - made political and scientific revolutions possible. The connections between language ideologies, privileged linguistic codes, and political concepts and practices shape the diverse ways we perceive ourselves and others. This 2003 book demonstrates that contemporary efforts to make schemes of social inequality based on race, gender, class and nationality seem compelling and legitimate, rely on deeply-rooted ideas about language and tradition. Showing how critics of modernity unwittingly reproduce these foundational fictions, it suggests strategies for challenging the undemocratic influence of these voices of modernity.

This particular book very easy to read you can get the point easily after scanning this book.

William Holmes:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just very little students that has reading's internal or real their pastime. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Voices of Modernity: Language Ideologies and the Politics of Inequality (Studies in the Social and Cultural

Foundations of Language) can make you experience more interested to read.
