Quanah Parker (War Chiefs) Bill Dugan

After winning the Mexican War, white Texans turned their attention to expanding control over the vast lands of west Texas. To dominate this huge and forbidding land, they had to subdue everything, man and beast, that called it home--most notably the Comanche people.

With their independence threatened, the Comanche saw their way of life vanishing. But they would claim many lives. Only one chief had both the courage and the wisdom to know that war, no matter how valiantly fought, would end in defeat and humiliation. Quanah Parker, the son of a Comanche chief and a white female captive, rose to lead his people--not into abject slavery, but into proud coexistence with an unfolding history that was unstoppable.

Impeccably researched, rich with real-life characters and period detail, this powerful historical novel vividly recounts the decline and fall of the Comanche people and their extraordinary leader, Quanah Parker, from the battlefield to the reservation.
