Curvaceous paralegal Arielle Winter had one hell of a bad day. First, she got mugged; then she got stuck in a chimney; and later, she discovered that her boyfriend had dumped her for her boss. At the lowest point in her life, she came home only to find her apartment on fire. If it hadn't been for Trent's help, she'd have to sleep on the street.

A tiger shifter, Trent Alexander keeps running into Arielle and saving her from her terrible luck. Recently discharged from the Air Force, Trent believes their encounters aren't just a coincidence—they are meant to be together.

But Arielle has too much on her plate to think about a new romance. It's up to Trent to convince her that she's the one. So what if he occasionally becomes furry and growly? Don't women usually love a guy who channels his animalistic side in bed? He might be a closeted weretiger, but once he shows his stripes, he's just one big kitty cat.

Rawr!

Author's note: this is a stand-alone novel, best read in order: Tiger In Her Bed, Animalistic and (upcoming) Wicked as He Comes.
