The last time Latharn MacKay walked among his kinsman was in Scotland of 1410. Sensuous and charismatic, all the women wanted him, but none could capture his heart. Latharn's charm became his curse when a dark sorceress didn't take rejection well. She snared his soul into a crystal globe until the one woman destined to be his love whispered his release. Now all Latharn has to do is find her and guide her to him without speaking a word. One of the youngest archeologists in St. Louis of 2010, Nessa credits one thing for this achievement: the recurring dream of a heart-stopping Highlander since the summer she turned eighteen years old. Little does she know, he's not some fantasy cooked up by her subconscious. He's a trapped soul determined for Nessa to end his six centuries in hell. Can love prevail over the dark magic of a woman scorned?
