**Essays on the Quality of Life (Social Indicators Research Series)** Alex C. Michalos

Since initiating the journal *Social Indicators Research* in 1974, Alex C. Michalos has been a pioneer in social indicators and quality-of-life research. This collection of nineteen articles provides an overview of nearly 30 years of work, including papers drawn from diverse sources and papers never published before. The final paper, on multiple discrepancies theory (MDT), is the author's unique contribution to an empirically testable new foundation for theories of utility, satisfaction and happiness.
