## **Slowspoke: A Unicyclist's Guide to America** Mark Schimmoeller

*Slowspoke: A Unicyclist's Guide to America*, makes a surprising connection between unicycle travel--the balance, the hesitancy, the roundabout progress--and a life lived close to the land, next to an endangered woods. The adventures of the author's youth are recalled when he encounters the emotional equivalent of a tractor-trailer gust: the news that the beloved old woods near his house is about to be logged and developed. He begins an effort to save the woods. The narrative alternates between past and present, dream and reality, as he looks with a fresh gaze at his Kentucky home, with the precise love of someone slated to give a eulogy.
