Drawn from the popular TechVenture program at the Kellogg School of Management, this book provides a deep understanding of the key finance and business trends in e-commerce

Viewing Silicon Valley as a test lab for e-commerce strategies, this book delivers the latest financial and business models shaping the e-commerce industry. TechVenture focuses on the Silicon Valley phenomenon, the new financial strategies, and evolving e-business models. Each chapter draws from field research and interviews with the top minds in business today, and covers the most recent advances in e-finance, including: technology incubators, start-up funds, measuring intellectual capital, valuation techniques for Internet firms, and emerging technologies. In addition, TechVenture features intriguing and informative case studies and examples of major companies, including Idealab, Merrill Lynch, Pfizer, and Amazon.com. General business and finance readers, as well as those fascinated by the Internet economy, will find TechVenture an invaluable read that is on the cutting edge of e-business.
