**A clear, unbiased, straightforward approach to the biggest investment most people will ever make.**

Home ownership is promoted by real estate agents, mortgage brokers, family, friends, and even the government as a safe, attractive, and sure-fire path to personal wealth. Unfortunately, this view reflects a lack of understanding of housing, as both investment and lifestyle choice.

Few people appreciate how housing decisions dramatically affect every part of our lives. Good housing decisions can bring happiness, pride, a sense of safety, and wealth. Bad housing decisions can bankrupt families, ruin marriages, and hobble careers. It doesn't have to be that way. As housing decisions are the largest financial and lifestyle choices many people ever make, potential buyers deserve better advice.

*The Wealthy Renter* is designed to help readers make wise housing decisions that will improve their lives. It provides a clear understanding of the true nature of housing, and how to make successful housing decisions. It aims to fill the void of good, unbiased advice about housing, an information gap that exists because there is no economic incentive for banks and real-estate professionals to provide this advice.
