To commemorate the 100th anniversary of *The New Republic*, an extraordinary anthology of essays culled from the archives of the acclaimed and influential magazine.

Founded by Herbert Croly and Walter Lippmann in 1914 to give voice to the growing progressive movement, *The New Republic* has charted and shaped the state of American liberalism, publishing many of the twentieth century's most important thinkers.

*Insurrections of the Mind* is an intellectual biography of this great American political tradition. In seventy essays, organized chronologically by decade, a stunning collection of writers explore the pivotal issues of modern America. Introducing each article, editor Franklin Foer provides colorful biographical sketches and amusing anecdotes from the magazine's history. Bold and brilliant, *Insurrections of the Mind* is a celebration of a cultural, political, and intellectual institution that has stood the test of time.
