**Liar's Code: Growing Up Fishing** Richard Chiappone  
**Warm, funny, and memorable musings on a life spent fishing.**

With this eclectic collection of personal essays taking him from his childhood haunts along the industrial Niagara River of the 1960s to Alaska and the saltwater flats of the Caribbean, Richard Chiappone elongates the fishing-writing genre, suggesting that he finds almost anything a fisherman does interesting—anything but the actual fishing.

In one piece, he gets no farther than the curb outside his upstate New York childhood home, futilely waiting for his ride to the rivers of his dreams. In another account he describes an afternoon, standing in a midwinter snow bank, casting to house cats. With humor and self-skewering wit, Chiappone admits he can't cast very well, ties some of the ugliest flies in the world, and spent nineteen years of his life trying to catch a permit.

The essays, both funny and touching, reveal him as a writer of stark contradictions: a man who despises winter and loves living in Alaska; who laments having spent half his life just downstream from the infamous Love Canal, and simultaneously remembers those years with elegiac fondness. Lifting his gaze past the tip of his fly rod, and beyond the river and the fish all the way into his own heart, he portrays everything from a sentimental memory of his mother to his doubts about the adequacy of his grief over a dead daughter, making this compilation a kind of memoir in linked essays—a fisherman's life examined.

Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
