Impossible Places

Alan Dean Foster

Impossible Places Alan Dean Foster

For three decades science fiction legend Alan Dean Foster has captivated readers around the world, from his debut classic *The Tar-Aiym Krang* and his inspired scenario for the first Star Trek movie to a host of *New York Times* bestsellers, including *Splinter of the Mind's Eye* and *Flinx in Flux*.

In this collection of twenty brilliant odysseys of the imagination, Foster once again soars beyond the limits of reality—where the real thrills begin. . . .

NASA Sending Addicts to Mars!: It was the most insane idea in the annals of space travel—and the only one that would work.

Diesel Dream: Sometimes on dark, lonely highways dreams *do* come true, and this trucker's hope was the best one of all.

Sideshow: Flinx hadn't a clue about the alien dancer, but Pip knew trouble when she saw it.

Empowered: A magnificent male discovers the not-so-super part about being a superhero.

The Question: A bold adventurer determines to solve one of life's profound mysteries.

. . . and fifteen other amazing stories!

From the Paperback edition.
