Reading Brandom: On Making It Explicit

Reading Brandom: On Making It Explicit

Robert Brandom's *Making It Explicit: Reasoning, Representing and Discursive Commitment* is one of the most significant, talked about and daunting books published in philosophy in recent years. Featuring specially-commissioned chapters by leading international philosophers with replies by Brandom himself, *Reading Brandom* clarifies, critically appraises and furthers understanding of Brandom's important book.

Divided into four parts - 'Normative Pragmatics'; 'The Challenge of Inferentialism'; 'Inferentialist Semantics'; and 'Brandom's Replies', *Reading Brandom* covers the following key aspects of Brandom's work:

- inferentialism vs. representationalism
- normativity in philosophy of language and mind
- pragmatics and the centrality of asserting
- language entries and exits
- meaning and truth
- semantic deflationism and logical locutions.

Essential reading for students and scholars of philosophy of language and mind, *Reading Brandom* is also an excellent companion volume to *Reading McDowell: On Mind and World*, also published by Routledge.
