**Somatechnics: Queering the Technologisation of Bodies (Queer Interventions)** Samantha Murray

Somatechnics highlights the reciprocal bond between the sÃ'ma and the technÃ© of 'the body' and the techniques in which bodies are formed and transformed as crafted responses to the world around us. Structured around the themes of the governance of social bodies, the gendering of sexed bodies and the techniques associated with the formation of the self, Somatechnics presents a groundbreaking study of body modification. Its contributions to the work of Spinoza, Nietzsche, Merleau-Ponty, Deleuze and Guattari make it a must read for scholars of sociology, cultural and queer studies and philosophy.
