Child abduction told by the father, but has he gone insane?

What would you do if your child went missing and the police were ineffective? Exactly. You would start investigations yourself.

When eight-year-old Lucas Cain is snatched, his father, Ben, dedicates his life to finding out what happened to his only child. His desperation leads to his life being torn to shreds: his marriage in tatters, his job lost and even his mind is altered. They all believe Ben has gone insane. Has he? Self-fulfilling prophecy kicks in as Ben starts to believe he may well have had a role in the disappearance. The police close in on him just as he is about to uncover the complex mystery.
