A small town in the American Southwest ... everything in the desert is designed to prick you, wound you, or eat you. What better metaphor for 21st century Earth? Prickly City is a comic strip about the friendship between Winslow, a coyote pup, and Carmen, a straight and narrow kind of kid. *Prickly City* offers a conservative perspective on political and social events within an ongoing storyline. As Carmen might say, "We may not be correct but we will always be right." Their high jinks provide endless laughs as Winslow gets into trouble and Carmen follows. Join Carmen and Winslow for their adventures in the desert!

In the e-book original *The Big Book of Kevin: The Lost Bunny of the Apocalypse*, Kevin, an ambitious politician, serves as the epitome of the craziness that has become our politics.
