This timely new book outlines a whole-school approach to embedding a sustainable model of teaching and learning that puts the learner at the heart of the system. It provides an entire framework for ensuring all students achieve above their expectations; incorporating school vision, teacher professional development, assessment models, school culture, leadership and management, and core classroom practices.

It takes what the current research suggests does – and does not – work and builds it into a practical approach that has been tried, tested and proven to work. Each section incorporates the research, a model of how this can be embedded across a school and then a training section that allows senior leaders in schools to teach the skill-set to others to ensure it can be embedded and reviewed.

Covering all aspect of teaching and learning including curriculum design, teacher practices, assessment and leadership, the book features:

a clear planning framework that is easy to implement;

subject based case studies to exemplify good practice;

diagrams to clarify and consolidate information;

training activities throughout each chapter, also available to download at [www.routledge.com/9780415831178](http://www.routledge.com/9780415831178).

Designed to be used as a training tool for both new and established teachers, this book is essential reading for senior leaders that want to equip their teachers with the skills and knowledge to create a school of outstanding classrooms.
