## The Constitution in Congress: Descent into the Maelstrom, 1829-1861 David P. Currie

This acclaimed series serves as a biography of the U.S. Constitution, offering an indispensable survey of the congressional history behind its development. In a rare examination of the role that both the legislative and executive branches have played in the development of constitutional interpretation, *The Constitution in Congress* shows how the actions and proceedings of these branches reveal perhaps even more about constitutional disputes than Supreme Court decisions of the time.

The centerpiece for the fourth volume in this series is the great debate over slavery and how this divisive issue led the country into the maelstrom of the Civil War. From the Jacksonian revolution of 1829 to the secession of Southern states from the Union, legal scholar David P. Currie provides an unrivaled analysis of the significant constitutional events—the Wilmot Proviso, the Compromise of 1850, the Kansas-Nebraska Act, the Lincoln-Douglas Debates, and "Bleeding Kansas"—that led up to the war. Exploring how slavery was addressed in presidential speeches and debated in Congress, Currie shows how the Southern Democrats dangerously diminished federal authority and expanded states' rights, threatening the nation's very survival.

Like its predecessors, this fourth volume of *The Constitution in Congress* will be an invaluable reference for legal scholars and constitutional historians alike.
