**Earth Power: Techniques of Natural Magic (Llewellyn's Practical Magick)** Scott Cunningham

The ways of magic are revealed in nature . . . The secrets are written in meandering streams and drifting clouds, whispered by the roaring ocean and cooling breeze, echoed through caves and rocks and forests.

When you draw a heart in the sand, call on the four winds for assistance, or ask the rain to wash away a bad habit, you are practicing earth magic. By working in harmony with nature, we can transform ourselves, our lives, and our world. This tried-and-true guide offers more than one hundred spells, rites, and simple rituals you can perform using the powerful energy of the earth.

Scott Cunningham was a greatly respected teacher and one of the most influential members of the modern Craft movement. A practitioner of elemental magic for twenty years, he wrote more than fifty books, including the seminal *Wicca: A Guide for the Solitary Practitioner*.

#### **James Bouchard:**

As a pupil exactly feel bored in order to reading. If their teacher expected them to go to the library in order to make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to generally

there but nothing reading very seriously. Any students feel that reading is not important, boring along with can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Earth Power: Techniques of Natural Magic (Llewellyn's Practical Magick) can make you feel more interested to read.
