Fundamentals of Corporate Taxation, Cases and Materials 6th Ed (University Casebooks) Stephen A. Lind, Stephen Schwartz, Daniel J. Lathrope, Joshua D. Rosenberg

Fundamentals of Corporate Taxation teaches the fundamentals of a highly complex subject with skillfully drafted problems, explanatory text, and a selective mix of original source materials. The coursebook incorporates all relevant changes from recent acts, including the American Jobs Creation Act of 2004 and the Jobs and Growth Tax Relief Reconciliation Act of 2003. Important new highlights include discussions on the impact of reduced tax rates on qualified dividends, new rules limiting the transfer or importation of built-in losses, and the response by courts and the Internal Revenue Service to corporate tax shelters. The sixth edition also contains new material on corporate reorganizations and S corporations, rulings on Section 351 control requirements and corporate divisions, and more permissive eligibility requirements and other new statutory rules.
